San Diego Innovation

The Classical Academies have been "partnering with parents" since 1999 to reinvent public education through flexible, personalized learning options. By inspiring and educating a broad and diverse spectrum of non-traditional learners, we continue to transform San Diego County by surpassing the expectations of students and families who would otherwise be left behind.

Mission

To partner with families to inspire each student to think critically, communicate effectively, and achieve excellence by providing academic choice.

Vision

To passionately serve, respectfully communicate, and joyfully partner for student success.

Character Education

We practice The **8 Keys of Excellence**, a Character Education Program aimed to inspire students to model excellence in and out of the classroom.

"The Classical's are the octane of the charter schools movement!"

JED WALLACE, CEO
California Charter Schools Association
